

Hello Haslemere Health Centre,

My group and I are covering the 'Take Notice' prompt, and in this folder is the resultant animatic. It gives a general structure and guide on how the final product will play out, with timings and actions included.

In our last submission, you mentioned how you would enjoy seeing more diversity in our age range and gender spectrum, and we hope that you will find what you're looking for in this one. We are open to any suggestions or questions you might have.

Thank you,  
Charley Tuck  
Group K Producer
